The material was clear and understandable. The actual hands-on experiences were fantastic, a must have! I found this training to be life changing. I really value this training and now see myself as Tracy Ketterling, the Hypnotherapist.

Tracy Ketterling, BS - (Teacher)

I loved the class. The class was not only filled with so much information but it was so personally rewarding. I feel prepared to start practicing hypnotherapy. The practical work in the class really helped me nail down the techniques we discussed in class.
